

NAFTA 2022 COMMITTEE
2017 ANNUAL REPORT OF WEBSITE SUB-COMMITTEE

At the 2016 Annual Meeting, the full Committee determined that, even though the Website Sub-Committee has satisfied its current commitments, instead of being formally dissolved, the subcommittee should remain in place to handle all communications with the webmaster and to continue to make smaller updates as needed, including the addition of member bios. This is the role the Sub-Committee has been playing over the past year.

a. Addition of Documents

During the 2016-2017 working year, the Website Sub-Committee has continued to assist the webmaster in keeping the website up-to-date by providing copies of the Committee documents for upload. These documents include the annual meeting minutes, legal update reports, and other Sub-Committee and Committee Reports. Should members of the Committee have versions of these documents they would like included on the website, please send such documents directly to the Website Sub-Committee by email.

b. Addition of Committee Member Bios

The Website Sub-Committee has continued work on adding Committee Member Bios to the website. As members will recall, the Committee approved the addition of biographical information for all members and voted that bios should be limited to 100 words and include only information related to education and work experience that is relevant to International Commercial Arbitration. To gather this information, the Website Sub-Committee re-distributed the Bio Form to all Committee members via email. As of May 4, 2017, a total of 27 bios have been submitted to the Website Sub-Committee. On May 4, 2017, the 27 bios gathered were forwarded to the Governmental Co-Chairs for their approval. Once the Co-Chairs approve, the bios will be forwarded to the webmaster for posting.
